

# Marine Deepwater

## SHORELINE ENVIRONMENT DESIGNATION

### What is a shoreline environment designation?

Shoreline environment designations work like a zoning overlay. Each designation has standards for development and allowed uses. The purpose of shoreline environment designations is to provide a uniform basis for applying policies and regulations within similar environmental conditions.

There are six environment designations for shorelines in Gig Harbor: **Natural**, **Urban Conservancy**, **Low Intensity**, **City Waterfront**, **Historic Working Waterfront**, and **Marine Deepwater**.

### What is the purpose of the Marine Deepwater designation?

The purpose of the Marine Deepwater Environment is to protect, restore, and manage the unique characteristics and resources of the marine waters in Gig Harbor.

### What is the required buffer in the Marine Deepwater designation?

No buffer is required.

### Allowed Uses and Activities

#### **Boat Launch Facilities Public**

- hand launch or licensed trailer
- ramp made of concrete, planks, rails or graded slope

See section 7.11

#### **Commercial Fishing-Sales and Services**

See section 7.13

#### **Commercial Fishing Moorage**

See section 7.11

#### **Dredging and Dredge Material Disposal**

See section 7.4

**Fill (waterward of OHWM)** for activities associated with shoreline restoration and City utilities only

See section 7.5
